**Roger Bourgeois**  
Superintendent-Director

To the Class of 2016,

As the Superintendent-Director of the Greater Lowell Technical High School, it is my pleasure to congratulate you on your graduation from this outstanding vocational technical high school.

As I mentioned in my comments at graduation, my message to you is a simple one of hope. It is my hope that you will always value your reputation above all else. It is the one thing that can never be taken from you, but once tarnished is very difficult to restore.

It is my hope that you graduate with confidence in yourself and your abilities. Your life journey will not always be an easy one and you undoubtedly will encounter challenges along the way. Be confident and make good choices.

It is my hope that you will always see the value in staying positive and persevering through difficult times. The true measure of a person's character is how he or she handles adversity.

It is my hope that the high school education that you received at Greater Lowell Tech has prepared you well to pursue a successful and happy life. Whether serving our country in the military, enrolling in college, or entering the workforce - I am confident that you have the knowledge, skills, and character traits to be successful in the global economy of the 21st century.

As members of the Class of 2016, you represent the future of our community, our commonwealth, and our nation, and it is my hope that you will continue to make us proud.

Please keep in mind that as an alumnus you will always be a valued member of our learning community. I hope that you will come back to visit us often and participate in many of the activities that support our students and school.

Congratulations class of 2016!

Sincerest best wishes,

Roger Bourgeois  
Superintendent-Director
